Grades 6 – 8: STUDENT AGENDA BOOK

We highly suggest you purchase an agenda book and check it daily to help your child stay organized and successful. The purpose of the agenda book is to help students become more organized and independent. An organized student will be more successful in school. As students become more comfortable with completing their agenda book, they will discover how much time it will save trying to remember homework, schedules, locker combinations, assignments, important dates, and deadlines.

If each child could donate any of the following items, it would be greatly appreciated. These are supplies that are used continually throughout the year by all students:
