

Blackmon Road Middle School Math Team

- Blackmon Road Middle School's (BRMS) Math Team is comprised of approximately 30 math students from across all grade levels. Students are recommended by their math teachers and then math team students are chosen based on performance at the BRMS Math Team School Competition. The BRMS Math Team School Competition is held every year in mid-January during the school day for approximately one hour.
- The Math Team will meet for practice every Tuesday from 3:30-4:30 starting around the beginning of February. The BRMS Math Team will be practicing for the Muscogee County School District Invitational Middle School Mathematics Tournament which is held at different Muscogee County middle schools every year in late April or early May. The tournament is always on a Saturday from approximately 8:30 am to 12:30 pm. The tournament includes individual written tests and ciphering team competitions.
- Students who are chosen to be on the BRMS Math Team will require parent support, as they will need transportation home from practice every Tuesday afternoon and transportation on Saturday to the math tournament. Additionally, we have requested that parents help provide snacks for the Tuesday practices.
- The BRMS Math Team is a great opportunity for students who excel in mathematics to work with other students who enjoy math and compete in a middle school tournament.
